Children's Preschool Workshop Programs

Preschool for Three's

The focus in this class is on the social, emotional, cognitive, and physical development of the child. Activities include circle time, counting, colors, shapes, pre-writing, fine and gross motor skills. The 3-day Three's program also includes enrichment activities to further develop skills noted in the Illinois Early Learning Standards.

Preschool for Four's

The focus in this class is on learning through observation, discussion and participation. Activities include circle time, alphabet activities, math, and kindergarten readiness skills, fine and gross motor skills. The 5-day Four's program incorporates additional curriculum in science, math, social science, kindergarten readiness and social/emotional enrichment to strengthen academic and cognitive skills needed for kindergarten.

Pre-K

The Pre-K curriculum has been developed to meet the specific skills needed in preparing a child for kindergarten. Our program is challenging and ever-expanding. It includes readiness in reading, literature, writing, math, science, social science, art, music, fine and gross motor skills, and social/emotional readiness. We use Jolly Phonics in this program.
