# Fun for Little Ones

## Fun with Phonics

This fun, unique phonics reading program is specifically designed for your pre-K or school-age child. Children have so much fun learning to read by signing while learning their sounds of the alphabet, hopping on letters to form words, painting words, and forming words out of play-dough. There's no better preparation for a kindergartener or school-ager than to increase awareness of words and word patterns. As your child's confidence grows, so will his or her love the reading. There is no better gift you can give your child than the gift of learning to read! (Min/Max 2/10). Instructor: Betty Davis.

### LEVEL I

*Ages: 4-5 years (without parent)*

This level focuses on learning and recognizing sounds that the letter makes to form a word.

### LEVEL II

*Ages: 4-6 years (without parent)*

This level is specifically designed for students who already know their sounds and have some reading ability. We begin to learn to read using blends to form words.

### LEVEL III/SCHOOL AGE

*Ages: 5 years (without parent)*

Let your child's imagination soar as he or she learns to read award-winning books specifically designed for a young reader. Children will learn to read words with long vowel sounds and gain greater success at reading. Students will also be using Reading Theater and props in the class.
