

January 18, 2022

Dear Barrington Park District Participants & Residents,

Happy New Year! We hope you have all entered 2022 in good health.

As you are aware COVID-19's Omicron variant is rapidly spreading. Our goal at the Barrington Park District is to keep all of our participants and staff healthy and active. In order to keep participants and staff healthy and the facilities open we need your help to control the spread of the virus among Park District programs.

You can help by:

- **Wear a tight fitting mask** over your nose and mouth at all times while inside a Park District facility (including District 220 schools while participating in park district programs, such as, KEEP and Basketball).
- **STAY HOME** if you or a member of your household are not feeling well and showing ANY symptom of COVID-19 (cough, shortness of breath or difficulty breathing, fever, chills, muscle pain, sore throat, and/or new loss of taste or smell).
- **STAY HOME** if you or a member of your household are awaiting COVID-19 test results.
- **STAY HOME** if you are unvaccinated and have been exposed to an individual who has tested positive for COVID-19.
- **Notify Jodi Krause, Supt. of Recreation** jkrause@barringtonparkdistrict.org, at the Park District if you have been at a program/facility and tested positive later so we can help identify close contacts. Your identity will be protected.

Thank you for doing your part to keep the Park District a safe and healthy place for all.

Teresa Jennings
Executive Director
