

Preschool 2024-2025 School Year

About Us

For over three decades, the BPD Preschool has been built on the understanding that your child's happiness and growth are very important. We offer a play-based program with an emphasis on social, emotional, cognitive, physical and language development. Teachers encourage curiosity and strive to develop a love for learning. Each preschool day has a balanced schedule designed to address all developmental domains important to your child's growth and development. We encourage children to socialize, interact cooperatively and gain independence so they can reach their full potential. With the support of amazing Park District facilities, parks and amenities, there is so much for your child to explore!

Curriculum/Facility

The preschool program includes both group and individual activities throughout the day that are play-based. Meaningful play encourages curiosity, discovery and problem solving. In our classrooms, you will find busy, happy children engaged in math, art, science, language, literacy, dramatic play, music and motor activities. Our school uses the Jolly Phonics® program (also used by School District 220) with all classes to help children learn letter sounds. We follow the Illinois Early Learning Standards and the State of Illinois DCFS guidelines. We offer 3 classrooms, a large motor room, gym and a fenced-in playground dedicated to the preschool program. Our rooms remain securely locked during school hours. Each classroom has a bathroom with a child-size toilet and sink.

Staff

There are two teachers in each classroom with a maximum of sixteen to twenty children based on the class (less for the Mini's class). Teachers work as a team. Every preschool teacher is professionally qualified and dedicated to the education and development of each child enrolled in the program. Teachers keep current in teaching methods through training and attendance at educational seminars throughout the year.
